

Autotech's Ladenhüter List

Roughly translated, "Ladenhüter" means "shelf warmer" in German. This is a list of parts, both used and new, that we don't need or want around, as they're starting to grow roots. Take them off our hands and we'll both come out ahead: You get a great price and we clear up our shelves. All parts and prices are subject to availability. All Ladenhüter Sales are Final.
